

Behind the Numbers @ Enterprise 5G Live

Behind the Numbers @ Enterprise 5G Live will take place at the Santa Clara Convention Center, from 2pm to 5pm PST on Monday, November 15th, 2021.

Each attendee will have access to all workshop slides and will learn:

- *iGR's* views of the enterprise 5G/LTE private wireless network markets
- Major trends across the industry, plus detailed trends for specific vertical markets
- Threats facing the enterprise 5G/LTE private wireless network industries
- Roles of the various players in the developing enterprise 5G ecosystem, including hyperscalers, mobile network operators, systems integrators and value add resellers
- Technology trends, capabilities and limitations driving the enterprise 5G industry
- Forecasted spending on U.S. private wireless networks through 2025, including splits by vertical industry and the assumptions that drove those forecasts.
